<sup>1</sup> **CPT Codes:** CPT codes are a medical code set that is used to report medical, surgical and diagnostic procedures and services to entities such as physicians, health insurance companies and accreditation organizations.

<sup>2</sup> **Average Commercial Reimbursement Rate:** Mankato Clinic is pleased to be participating with many large Insurance payers. If we are participating with your Insurance, we have agreed to an allowed amount with them. Any difference between Mankato Clinic's usual charge, and the allowed amount from a participating Insurance, is discounted. An Insurance company may cover a service, but you may still have an out-of-pocket cost if you have a deductible, co-pay or co-insurance. It is always advisable to check with your Insurance before having services if you have any questions about what your out-of-pocket expense will be.

<sup>3</sup> **Medicare and Medicaid Allowed:** If patients are covered by Medicare or Medicaid, we are only reimbursed at the allowed amount listed.

<sup>4</sup> **Pain Centers of MN Mankato Services:** Please note that the above charges for the injection procedures include both the physician fee and the facility fee. Sedation charges are in addition to the procedure charges.
